**Questions for further discussion:**

- Re-consider the opening questions of the sermon. Who have/do you long to be with?
- What spiritual disciplines are key for you (and other believers) in helping you to grow in awareness of Jesus' personal presence.
- Can you share with each other a moment when you knew God's presence was at work in your life? What changed in your heart? in your mind?
- Melissa talked about "living in the plural" and thinking with Jesus. How would your internal dialogue change if you thought more with Jesus?
