Questions for further discussion:

- "Apart from grace, nature-not nurture-determines a person's relationship with God." How does this statement affect your view of grace?
- Is grace something you are aware of in your everyday life? What can you do to be more aware of it?
- Do you recall a specific time when you felt God's grace drawing you toward Him?
- We believe that God's grace is for all creation, not just humanity. What does that look like?
