HOME GROUP QUESTIONS:

- Do you feel the tension of living in the suffering of the now and the hope of the future glory.? How do you find balance?
- Are there times in your life, when you have been prepared for the “distance”, but are still surprised by the “terrain”? Maybe you thought you were aware that something might be a long process, but then things arose that were harder than you had anticipated. What enabled you to keep going?
- Are there times in your life that it was harder for you to see God's hand or to discern his presence? Can you share about a time when that was more challenging for you?
- Read Psalm 13. Are there phrases from this Psalm that you have said to God? What has helped you if you to trust even when you are in this state?
- How does hope give you courage?
