HOME GROUP DISCUSSION:

- Begin: pray Psalm 23 together.
- What are the Psalms for? Some ask for help, some complain, some praise, and some—like Psalm 23—simply confess trust. How have you used the Psalms?
- Share a comment or question about the sermon or about vs. 1.
- How does understanding “shepherd” primarily as a statement of belonging change things or challenge you?
- Does “I lack nothing” mean that we’ll always have everything we want or think we need? What do you think David is actually claiming?
- Think of a problem/challenge in your life. How does starting with “The LORD is my shepherd” affect the way you see that problem?
