## **HOME GROUP QUESTIONS:**

- People often say, "I don't want to be a burden?" How does our view of "burden" affect our willingness to share?
- There is often this feeling of not wanting to impose on others, Read Gal 6:2 again. What do you think about the concept that as others carry your burden, they are "fulfilling the law of Christ"?
- What do you notice about the art on the opposite side of the notes page? How do you see sharing your burden tied to the relationships in the Trinity?
- Can you share about a time when sharing a burden gave you hope?
